Softball League Closes With Memories

The News asked the managers of each team in the softball league to give a resume of the year's play so that the fine group of little girl players could save it for their scrapbook. Last week as the softball league finished the last game the all-time favorite individual in the league, Hal Warren was presented a Kentucky Colonel's commission, so now he's Colonel Warren and deserves every honor that goes with it.

The manager of the Bob Whites could not be reached on press day for the write-up of her team so we had to go to press without it. But the picture of the team is here. (Stories on Page Four)

HERE ARE THE WINNING BLUEBIRDS Sitting: Debbie Wright, Dee Fields, Cindy Homra, Rita Cash, Jen Ray Browder. Standing: Mary Jo Westpheling, Ann Lawson, Mrs. Wilma Browder, Brenda Elliott, Mrs. Jasper Vowell, Vicki Vowell.

AND THE WRENS FINISHED SECOND Sitting: Donna Wall, Sheryl Reed, Vicki Mayhall, Becky Mitchell, Linda Reed. Standing: Debbie Craddock, Edye Dowdy, Carmen Weeks, Mrs. Virginia McKnight, Harriet Hancock, Judy Merryman, Shirley Warren.

CARDINALS THIRD AND FIRST, TOO Sitting: Nancy Easterwood, Kathy King, Karen Taylor, Dana Puckett, Kay Mann. Standing: Sheila Harrison, Pam Grooms, Joyce Tucker, Deborah Beard, Mrs. Chuck Beard, Jane Graves, Janet Taylor.

BOB WHITES FINISH IN FOURTH PLACE Sitting: Sharon Moore, Patricia Holiday, Martha Poe, Eva Mae Vaughn, Cindy Beard, Brenda Harrison. Standing: Carrie Campbell, Linda Grissom, Teresa Fields, Terry McDaniel, Meredith Miller, Nancy Moss, Terry Smith.

Henry I. Siegel Company To Double Production, Number Of Employees

Sing, Dance Or Yodel? Then Get In Talent Show

Hey, Siegel employee... do you sing, dance, yodel, recite, whistle, croon, cry, or mimic?

Does any member of your family sing, dance, yodel, recite, whistle, croon, cry or mimic? Or do you have a friend who can do something to entertain? Well if you do or know somebody who can, let us know about it. Plans are in the making to have an all-Siegel Talent Show at the big picnic to be held by the company on Saturday afternoon, August 26.

Music, all kinds, will be on hand for the event and a giant stage will be erected to act as a stage and dance floor. Let's start planning for the big show.

Elsewhere in this issue you will find a coupon regarding your own talent or the artistic ability of someone you know. Fill it out and hand it to Jim Huffine, manager of the South Fulton plant or send it to the News. Don't be bashful. Enjoy the first big summer picnic of the Henry I. Siegel company... both plants.

The show will be broadcast "live" by Radio Station WFUL on the spot.

The future economy of the twin cities got a shot in the arm as a result of an announcement Tuesday by Sam Siegel that he was doubling the production capacity of his South Fulton plant and engaging in a concerted drive to hire more than 250 additional workers. The announcement was made as Mr. Siegel addressed his employees and announced that a gigantic company picnic will be held on Saturday, August 26 under three huge tents on the grounds of the new and modern garment plant in South Fulton. The announcement is comparable to a new industry coming to the twin cities.

Mr. Siegel said that it was his hope that the South Fulton plant would be pointed to as one of the most efficiently operated garment factories in America and added that no stone would be left unturned to get in readiness for the expanded operation within the next sixty days. Telling his employees that he would work side by side with them to take every opportunity to protect their working interests and bring about a "big family" operation, the dynamic Mr. Siegel said that he would comb the Nation to bring equipment and material into the plant to take care of the additional number of employees he plans to hire.

Mr. Siegel cautioned however, that no applications be made at the plant, but that contact be made with the United States Employment service for employment. He urged his employees to help him recruit qualified labor and asked each of them to be a committee of one to help increase both

the production and the employment of his huge garment manufacturing company.

Meanwhile a committee of local citizens is organizing to declare August 26 "Henry I. Siegel Day" in the twin cities.

"I am thinking of the interests of my employees not for just today, but for years to come," Mr.

Siegel told the more than 250 workers at the South Fulton plant who silenced their whirling machines to get the good news from the head of the garment industry that has been a mainstay of Fulton's economy for many years. Mr. Siegel reminded his employees that the door to his office was always open when he was in Fulton and asked that they come in and talk with him and his genial manager, Jim Huffine about any problems they might have.

The spacious grounds of the South Fulton plant will be transformed into a holiday atmosphere when three huge tents will be erected and where a dance floor will be erected, tables heaped with food will be placed, and a group of outstanding talent will gather to render music for the party. The employees were urged to invite their families and their friends to the huge picnic and entertainment and what's more the whole affair will be with the compliments of the management of Henry I. Siegel Company.

Governor Buford Ellington, Congressman Robert A. "Fats" Everett, mayors of the twin cities, and other dignitaries will be invited to attend and share with the Siegel company its giant expansion plan.

Also addressing the Tuesday afternoon gathering was Mr. Huffine who offered his services to the employees without favoritism or prejudice. The former manager of the Fulton, Ky., plant has now been made manager of the South Fulton plant, replacing Bill Bryant who will become a member of the Siegel engineering staff. Mr. Bryant expressed his appreciation to the employees for their cooperation during his management and told them he hoped to be visiting with them often in his new position.

It's Fair Time In Fulton! Full Program Beckons Kids, Talent, Farm Exhibits

"It's been hard work, but we think it will be worth every bit of the time we've put into it!" This comment came from one of the many people who have devoted these past few weeks toward making the first annual Ken-Tenn Fair a reality. Or rather, instead of saying "reality," maybe a bet-

ter word for it would be "success" because from all appearances, that looks like what it is going to be.

Beginning with the Kid's Day festivities on Tuesday, August 15, and continuing through the gala Queen's Ball on Saturday, August 19, every day is filled with fun for every member of the family at the Fair.

The fair will actually open on Monday, August 14, with the exhibits and many of the rides in the midway operating, but due to the fact that some of the tents and sections of the midway will still be going up during the day, the official fair-opening ceremonies will not be held till Tuesday.

Kid's Day will begin with a colorful parade composed completely of children from the area and it will terminate at the fairgrounds with ribbon-cutting ceremonies. On this day, there will be no gate admission for youngsters under twelve and all the midway rides for everyone will be only \$1.00. That evening, the Cub Scout Indian Exhibit and the "Trail of Tears" production will be featured.

Thursday, the talent of the area will be featured at the annual Jaycee Talent Show. Youth from the area will compete for the chance to enter the Mid-South Fair Talent Show this fall.

For Friday night, the Jaycees have engaged an expert square dance group to perform before the Grandstand. Following this, there will be a Giant Cakewalk for everyone to participate in and immediately after that, the Open Auction will begin. Fairgoers may bring anything and everything from their dogs to their homedepot items and be sure that it will be sold. Those who do wish to have an item auctioned off, may bring it to the front gate and the Jaycees

will see that it is taken to the proper place.

Saturday will feature the Queen's Ball at the Ferry-Morse Seed Co. Music will be provided by Jack Staulcup and his band. Sharrise Johnson, Miss Jaycee of 1961, will reign over the festivities.

Of course, each day of the fair, the Merchandise Exhibit will be open. The huge tent which will house the exhibit has been divided into 66 ten-foot-square booths, each containing the very latest merchandise from local businessmen. It will be one of the most in-

(Continued on Page Five)

Combs Reveals Wyatt Will Be Next Senator

Gov. Bert Combs said Monday Lt. Gov. Wilson Wyatt will be elected to the U. S. Senate next year.

Combs made the remark although a short time earlier Wyatt said he is not an announced candidate.

Both appeared at a barbecue arranged by their friends. Combs told some 500 persons that democracy is on the march and added that it has been some time since Kentucky has elected a Democratic senator.

"We are going to elect Wilson Wyatt United States senator and we are going to elect our candidate for governor," Combs said.

Combs did not give the slightest indication of whom his administration may support for governor, but he left no doubt that Wyatt is the administration candidate for senator.

News Schedules Pictures Of Our Future Citizens

The "Citizens of Tomorrow" are the children that live in Fulton today and pictures of these future citizens will be made by a professional photographer at the News office on Thursday, August 17, free-of-charge. The hours will be from 10:00 a. m. till 5:00 p. m.

Parents do not have to be subscribers of the News to take advantage of this wonderful offer. There is no obligation to buy the pictures. The parents will be asked to pick the picture which they want published in the paper under the heading "Citizens of Tomorrow". Then those who do want additional prints may obtain a limited number by arrangement with the Studio representative.

The News simply wants pictures of all the youngsters in the Ken-Tenn area and the more, the better. Appointments may be made by calling the News office at 470.

Col. Durbin Due Back In Fulton On August 15

Col. Paul Durbin, native Fultonian who has spent the last three years in Viet Nam as a member of the U. S. Army's Military Advisory Assistance Group is returning to the States on leave this month and is due back in Fulton August 15th.

Col. Durbin will rejoin his family here.

At the conclusion of his Stateside leave, Col. Durbin will be stationed in Hawaii for a year.

Col. Durbin, a lawyer and former Railroad Commissioner of Western Kentucky, is in the Judge Advocate General's branch of service. His associates on the MAAG mission refer to him as "The Judge".

CALL TODAY!

Community Clubs who wish to enter displays in the Exhibit at the Ken-Tenn Fair next week should contact the Chamber of Commerce office at 43 before 4:00 Friday afternoon.

Jo's

"Jo's Notebook... coming your way each week through the combined efforts of T. H. W. & D." That's the little note I found on the proof of my new column heading this week. A "PS" said... "Eva (Hopkins) doesn't count, she's a gum shoe." The initials on the proof mean that Taylor (T. C.), Hicks (Willis), Weeks (Joe) and Dublin (Karen) are the faithful News employees who do combine their efforts to bring you this little visit each week.

The heading for the column came about last week when the type got so beat up that the boys were getting right ashamed of it. So was I, but I never realized it until I put the heading in the form each week when I make up the front page. It's always too late to do anything about it then so I keep saying I'll take care of it next week, and that's the way it goes. But last week the boys in the back shop suggested that I change the heading to look like the columns of other writers, so we doctored up a picture that was in last week's paper and the net results is what you see on the top of the column.

This is the second time in the more than fourteen years I have been writing this column that my picture has appeared in the heading. Ourida Jewell changed it up one time and the picture didn't do a thing for me, nor does this one, but then I think it keeps us fresh and alive when we keep doing something new. I don't know how long I'll keep the photo in the heading, but for the time being it's a change at least.

Would you like to know how the above people combine to bring the column to you Well, it goes like this. T. C. sets the column in type each week and he has to read it, whether he wants to or not. They say a linotype operator, a good one like T. C., can put words into metal without reading what he's setting and I imagine that's what he does most of the time with the column. Sometimes he comments on it, but not often and that's because I guess I don't write a very good column. I try, so I guess I should get "E" for effort.

(Continued on Page Five)

Helmets Colliding, Cleats Clacking, Frenzied Practice... It's Football

BY KAREN DUBLIN

Early Monday morning, the late sleepers of upper Second Street were roused by a sound that will become very familiar to them during the next couple of months. It was the click-clack-crunch of football cleats as they hit against the concrete sidewalk and street on their way to football practice.

Atop these noisy cleats were twenty-eight of Fulton High's biggest, strongest and bravest boys and the occasion was the first official football practice of the year. These boys have become the hopes of their school and their communi-

ty and will be so until November. The Fulton High Bulldogs are composed this year of three freshmen, nine sophomores, thirteen juniors and three seniors. Approximately half of the young squad received some playing experience on the varsity squad last year. Most of the rest are graduates from the freshman squad last year.

This young inexperienced team faces probably what will be one of the toughest seasons Fulton High has faced in many years. However, as has been true many times before, the scrappy Bulldogs will more than likely pull

through the year with a very respectable won-lost record and with enough knowledge to carry them through the following season with flying colors.

The Bulldogs open their season September 1 with a game at Mayfield. The Cardinals are a respected foe anytime and they are expected to have one of their strongest teams this year. Another tough opponent, in fact perhaps the toughest of them all, will be the Murray High Tigers. This game will be at Murray on September 29.

The Homecoming game will be played at the Fulton High Athletic

Field on October 6 with Newburn, Tennessee as the very formidable opponent. The first home game for the Big Blue will be September 8 against Sharon.

Superintendent W. L. Holland and Coach Chester Caddas both took time out to give their opinions of the coming season. Mr. Holland stated, "I am looking forward to football season because to me, fall is the greatest time of the year, when a person can enjoy high school football, college football, pro football, hunting and fishing! As for Fulton High, we will have what is considered as an inexperienced team, but it will

have plenty of weight and we

Here is the complete football schedule for the Fulton High Bulldogs:

Sept. 1	Mayfield T
Sept. 8	Sharon H
Sept. 15	Martin H
Sept. 22	Providence F
Sept. 29	Murray T
Oct. 6	Newburn H (Homecoming)
Oct. 13	Greenfield H
Oct. 20	Morganfield T
Oct. 26	South Fulton H
Nov. 3	Trigg County T

Newspaper Readers Are Wonderful People; Sometimes They Think The Editor Is Nuts!

MUST SELL brand new forbiseder, with built-in Hemmingway. Can be used left or right-handed. Cost over \$200. Need money so badly, will sell for \$125. Phone RI 3-2348, or 3-2383, or 3-3127.

The foregoing advertisement appeared two days in the Daily Guard classified ad section. It got results.

Upon spotting the ad, a woman looked in a dictionary, world book and encyclopedia trying to find "forbiseder" and an explanation of what it is. Finally, her curiosity got the best of her and she called a Guard staff member.

Another caller wanted to know if a forbiseder was used to shine shoes or to light cigarettes.

A man called to tell us that he, too, owns a forbiseder, except his isn't the right-handed or left-handed type but just a "straight-ahead" model. He added that forbiseders are not listed in Sears catalogs.

A young lady called and suggested that we ought to have our heads examined, or words to that effect.

A man called and said he might be interested in buying the forbiseder if it didn't have a built-in Hemming-

way.

Another man wanted to know if it was a plug-in model or operated on batteries.

A woman inquired about the year and model. "My old forbiseder is worn out," she declared in a serious tone.

We had some fun out of the ad. A number of times when callers asked what a forbiseder is, I told them it is similar to a "tafflesnord" except it doesn't have a "frumpy" on it. This answer brought more questions: "What in the world is a tafflesnord and a frumpy?"

When they asked me what a forbiseder is used for, I told them that it could be used to make "plamits" and "brukerstols."

This resulted in more questions, of course. And what is a forbiseder, really?

As many people suspected, it is a figment of the imagination—like the Abominable Snowman and the Loch Ness monster.

The ideas behind the ad were to demonstrate the value of classified advertising and to point up the inherent curiosity of the human race.

—Daily Record

Advertising Mail Should Be Made To Bear Fair Share Of High Cost Of Postal Rates

IT IS NO reflection on Postmaster General J. Edward Day that he has had to compromise his hope of getting the Post Office out of the red.

Dr. Day has agreed to a new schedule of postal rate increases which falls about \$150 million short of his department's need.

The compromise, however, is a shoddy setback for honesty and fair treatment of both the taxpayers and many Post Office customers.

Most of the \$590 million the compromise plan is supposed to raise will come from first class and air stamps. These postal services already pay their way. The mail users who do not

pay their way are the profiteers of this compromise.

Newspapers and magazines would pay only a little more than half of what Mr. Day originally proposed. Third class mail, which includes so-called "junk" mail, would pay less than half the original proposal.

If Congress can be persuaded to pass the compromise, it will be better than nothing. But when some Post Office customers—notably second and third class users—get off for less than their fair share at the expense of others, the compromise has a sour taste.

STRICTLY BUSINESS

For Heaven's sake, don't ask him where he spent his vacation!

Turning Back The Clock-- FROM THE FILES:

August 8, 1941

Improvements on the Fulton-Jordan Road have been approved by the Kentucky State Highway Department and immediate steps are being taken in placing a gravel surface on this section of the highway.

In the Democratic Primary held in this county Saturday, the following results were noted: Harry Lee Waterfield, Clinton resident, defeated his only opponent, James Warren of Fulton, for the office of State representative.

Homer Roberts was elected County Judge, defeating the incumbent, Claude L. Walker.

Will T. Shanklin was re-elected as Fulton County Jailor. Clardie Holland, County Court Clerk, Mike Johnson for sheriff and Elmer Murchison for tax commissioner won easily throughout the county.

The city elections found the following persons selected for public office: T. T. Boaz, Mayor; Atkins, Brady, Pickering, Gregory, Jones and Meacham, City Councilmen.

The marriage of Miss Yvonne

Homra, daughter of Mr. and Mrs. K. Homra of Fulton, and John Ray Hunter, son of Mrs. B. G. Huff and Mr. Huff was beautifully solemnized Sunday morning, August third, at the First Christian Church in Fulton.

The bride's attendants were Mrs. Al T. Owens, Jr., Miss Amalin Homra and Miss Shirley Homra.

Jean Moon served as Best man and the ushers were David Homra, Al T. Owen, Jr., Fred Homra and Gene Speight.

Ladies of the Fulton and Mayfield Country Club were the guests of the Ladies Golf Club of the Paducah Country Club on Tuesday. Golf was enjoyed during the day and a delicious luncheon was served at noon.

Those attending from the Fulton Club were Mrs. Buren Rogers, Mrs. Hoyt Moore, Mrs. J. T. Howard, Mrs. Les Scheer, Mrs. E. K. Beck, Mrs. F. H. Riddle, Mrs. Louis Spivey, Mrs. Clyde Williams, Miss Peggy Williams, Miss Margaret Nell Gore and Miss Martha Moore.

100 Years Ago This Week

An Historical review of THE CIVIL WAR DAY-BY-DAY (Material is from publication of exactly one hundred years ago; original wording from references in the Library of Congress, Washington. Reporting in the papers was usually very one-sided; we seek to be fair in coverage and preserve a national balance . . . ED.)

BY WILLIAM E. McHENRY

Second week in August, 1861

The Battle of Wilson's Creek was the biggest battle fought in Missouri during the Civil War. Gen. Stirling Price and Gen. Ben McCulloch between them had 11,600 untrained Confederate and poorly equipped troops. Lyon had 5,400 better trained and better equipped Union troops. Lyon has been much criticized for dividing his smaller force, but Lee and Jackson tried the same thing at Chancellorsville and were successful. Lyon's men were defeated, Lyon was killed, and his men had to retreat and leave South-western Missouri to the Confederacy.

The South lost 1184 men, killed, wounded or missing. The North lost 1235.

Lyon had been only a captain five short months before . . . Lincoln had made him a Brigadier-General. After Lyon's death, the command fell to Major Sturgis who managed to save his defeated army. There was no other officer in the army of a rank higher than major!

McCulloch was satisfied with the victory and refused to pursue the retreating Union forces. Gen. Price followed the Unionists, and on August 11 captured Springfield. Confederates saw to it that the body of Gen. Lyon was buried in the garden of a friend in Springfield.

Price now had a victorious army. He attracted many Confederate supporters as recruits, and as he marched North his army grew. If Price's army had been supplied with arms, he could have probably captured St. Louis. That was not to be.

Gen. Stirling Price had struggled for years to keep Missouri in the Union. Six months before he won the battle of Wilson's Creek, Price had been for the Union, and even after Lincoln called for volunteers to suppress the "rebellion." But Lyon's action in capturing the Missouri State Guard camp at St. Louis caused Price to swing to the South.

There had been, before the

bombardment of Ft. Sumter, as many as 60,000 rifles stored in the armory in St. Louis. Had the South captured those guns the result of the war could easily have been different in Missouri. However, Lyon managed to hold onto the arms, and was able to send several thousand of them to Illinois State troops newly organized in Illinois.

Steamboats would play an important part in the war in the West. During July of 1861, the Federal Government asked for bids on iron-clad gun-boats for service on the Mississippi. On the seventh of August, that one hundred years ago, Mr. Lads of St. Louis agreed to construct seven of these boats within 65 days.

In St. Louis, the rolling mills, machine-shops, foundries, forges and saw mills were all idle. There had been much business up until the outbreak of the war, but after the fighting started, the people were "unable to accommodate their thinking to the changed circumstances."

Those St. Louis boatyards would never again be idle so long as the war would last! Within two weeks, over 4,000 men were busy day and night building the new boats.

The first iron-clad, the St. Louis, was launched at Carondelet, Missouri, only forty-five days from the laying of her keel. (The St. Louis was later changed to "De Kalb" as there was already a ship in the navy named the St. Louis.)

Before Mr. Eads had finished building the seven boats for the original order, he had already started on a stronger and better type of boat. Mr. Eads suffered the fate of many who did contract work, however. He borrowed money to build the boats, but was not paid for a long time. Those boats he built were commissioned and in service long before they were paid for. Forts Henry and Donelson and Island No. 10 were all captured by gunboats which really belonged to Mr. Eads, the

Mr. and Mrs. Paul Westpheling
% Station WFUL
Fulton, Kentucky

Dear Mr. and Mrs. Westpheling

The Mayor of Hickman joins me in extending to you our heartfelt thanks for your part in making Elvis J. Stahr, Jr. Day on the 28th of July the unqualified success that it was.

Now that the excitement and the hurry is past, we can quietly analyze the reasons for the accomplishment of our joint venture—and we cannot overlook the wonderful support received from the citizens of Fulton and surrounding area and Station WFUL. "Wholehearted" is the only word which seems to express your effort!

History usually says that the Monitor and the Merrimack were the first two ironclad ships to have a battle. Which of course is so, but before either of those ships were ready, the iron-clad gunboats had proven themselves on our Western waters.

forts.

Please accept our sincere gratitude.

Yours very truly,

SERMONETTE OF THE WEEK

How Real Is Christ

By Rev. John McKenzie S. J.,

Professor and Author

Bible scholars are often asked by their friends to recommend some book or books which will make Christ real to them. The scholar will recommend with hesitation some book or books which he knows are good, such as M. J. Lagrange, "The Gospel of Jesus Christ," or "Jesus Christ" by Ferdinand Prat, both fat, two-volume works, or the one volume "Life of Christ" by Ricciotti.

He recommends them with hesitation because he knows that the person will not find in these books what he is seeking, even though every author thought he had succeeded in writing THE Life of Christ. But THE life of Christ has already been written. It is found in the Four Gospels, and anyone who wishes to know Christ as a genuine human being must go to the Gospels. Actually the scholars who attempt to write His life have no other source on which to draw.

If you seek a knowledge of

Diary of Doin's

(Items gathered along Fulton's merryway for your pleasure and your scrapbook)

The Derby Restaurant was the setting Monday at noon for one of the "earliest" class reunions ever held, as the Fulton High graduating class of 1961 gathered for a luncheon and annual-signing party. Eighteen members of the recently broken-up class were present and '61 yearbooks and memories flew equally fast across the table. It was the first time many of the classmates had seen each other since Commencement Night and perhaps the last time they will see each other for many years.

The inspiration for the party year was the arrival of the long-awaited 1961 annuals which were given out Monday from nine till five. The book covers are Metallic Blue featuring Silver letters and the much-loved Bulldog on the front. Inside are individual pictures, group and organizational pictures and candid shots of the campus and some of the things that were done on campus during the past year.

Those attending the luncheon were Carl Hurst, Tommy Carney, Charles Willingham, Chan Covington, Lynn Bushart, Sandra Williams, Mike Walker, Ophelia Speight, Elaine Beggs, Karen Dublin, Susan Stokes, Brenda McKeel, Judy Moore, Jim Clark, Charlie Rice, Hal Warren, Mike Callihan and Jim Bushart.

Mr. and Mrs. Roy Taylor celebrated their fiftieth wedding anniversary Sunday, August 6, with an open house at their home on Route 4, Union City. Friends and relatives from all over the country were there to help them observe this happy occasion.

The Fulton-South Fulton Business and Professional Women's Club met at the home of Mr. and Mrs. Bertie Pigue for their regular monthly meeting Tuesday night, August 1.

A picnic lunch was enjoyed in

the lovely back yard, after which the business session was held.

The club unanimously voted to sponsor the Heart Fund Drive again next year.

Reports of the National Convention in Chicago were given by Anna Belle Edwards and Mildred Freeman who attended as delegates from the local club.

The guest speaker for the evening was Bertie Pigue, who gave a very informative talk on "Finance".

The September meeting will be held at the home of Mrs. Ann Whitnel, Union City Highway.

Mrs. Ada Rhodes was hostess to the July meeting of the Chestnut Glade Ladies Club. A county-wide picnic was announced for August 15, to be held at the New Salem community center.

The program was as follows: Clothing, how to store out of season clothes and the reading of labels before you buy, was given by Mrs. Geraldine Reams. Home furnishing was given by Mrs. Nona Burke, showing a dainty dried flower arrangement in a sealed glass container. She also demonstrated the making of this arrangement. Mrs. Jo Larsen gave the lesson on arts and crafts. A party plate and cold drinks were served to the twelve members and three visitors present.

The Water Valley MYF will sponsor an ice cream supper on the lawn of the Water Valley Methodist Church, Friday, August 11, beginning at 6:00 p. m.

Tickets are \$3.00 and the public is cordially invited to come and enjoy the delicious ice cream and trimmings.

Over 800 people attended the Open House in Deepwood Subdivision this past weekend. The model home, located on a 100 x 150 foot lot on Dogwood Lane was open to the public.

This lovely, modern three-bedroom home, constructed of old brick with black trim, was completely furnished by Fulton Hardware and Furniture Company for the occasion. It features central air-conditioning, gas heat, and modern built-in appliances.

The newly developed subdivision consists of 25 lots on a 12 1/2 acre tract. All of the City Planning & Zoning requirements have been met. The curbs and gutters are already installed and co-developers Mac McDade and Herbie Hunt stated that the streets will be blacktopped within two or three weeks.

The sewer, water and gas lines are already laid and the telephone lines have been installed underground.

Randall Burcham had charge of the Rotary Club program Tuesday at their regular meeting at the Park Terrace. He presented a tape recording of the speech given by Dr. Nyaradi, former finance minister of Hungary, who fled from his native land several years ago and who now is a citizen of the United States. This speech was

made at an inter-city meeting of Rotary clubs of this area in Paducah recently.

Several out-of-town guests attended the meeting.

With the wind-up of the Girl's Softball season in the twin-cities, several of the successful and not-so-successful teams celebrated their summer of fun with cook-out suppers and parties.

The members of the champion Bluebirds team, winners in the 9-11 age bracket, met at the City Park last Tuesday night for a Weiner roast and victory celebration. Hostesses for the occasion were Mrs. Jasper Vowell, team manager, and Mrs. Charles Browder, her assistant.

Those attending were: Rita Craven, Vicki Vowell, Dee Fields, Rita Cash, Brenda Elliott, Jen Ray Browder, Kathy Hyland, Mary Jo Westpheling, Cindy Homra, Ann Lawson, Carolyn Helthcock and Debby Wright.

The older girl's league was represented by the Ravens in the party going bracket. The group met at the City Park Saturday night and had a very enjoyable hamburger supper, given by Mrs. John Colley and Mrs. Johnny Holland.

The girls who attended were: Jane Warren, Judy Neely, Cheryl Underwood, Bonnie Weeks, Patricia Lowe, Jessica Sensing, Paula Howard, Cecilia Wright, Carolyn Colley and Linda Holland.

Another team in the 9-11 age league, the Cardinals, were entertained at the City Park last Thursday night with a hamburger supper including homemade ice cream for dessert.

Players attending included: Suzanne Copeland, Cindy Beard, Terry Smith, Terry McDaniel, Linda Grissom, Carrie Campbell, Martha Poe, Sharon Moore, Merideth Miller, Pat Holladay, Teresa Fields, Nancy Moss, Eva Mae V. ughn and Brenda Harrison.

Miss Fern Snow of Memphis, Tennessee has spent several weeks in Fulton visiting friends and relatives. She left this week to visit relatives in Friendship, Tennessee and other points before resuming her duties in Memphis City Schools.

Mr. and Mrs. Harold McRae and family of Memphis and Mr. and Mrs. Pope and family of Monroe, Louisiana are visiting their mother, Mrs. J. L. Jones, Sr., on Edgings Street.

Fulton was treated to such a pleasure this past week-end with the visit here of Jerry (Thompson) and Bill McMahon and their daughter Karen. The visit was all too short, that's for sure, but at least the home folks got a little opportunity to see the popular McMahan after an absence of some several years. Bill said he had a time getting his "wimmin folks" to come with him on what was actually a business trip for Bill and we can understand Jerry and Karen's reluctance. That trip across country from California to Fulton is no picnic and we can admit that with authority. But the trip was made easier for the travelers by stops along the way so that Bill could call on his accounts.

The California visitors gave us some first hand reports from the other Fulton folks on the West Coast so they acted as ambassadors of goodwill for the home folks. The McMahan left early Tuesday for St. Louis, but before going there Bill took the girls to Jerseyville, Illinois where they will visit with Bill's family. No telling when they'll get back to California, but the thing that concerns us most is when they will get back to Fulton. Soon is not early enough. To keep them closer to the home fires they were commissioned Kentucky Colonels while here so we hope they will take the opportunity to get back often to perform their "exalted" duties in their new capacities.

SERVICE

BAUMHOLDER, GERMANY—Pvt. George N. Chambers, 24, whose wife, Roberta, and parents, Mr. and Mrs. Paul C. Chambers, live at 306 Taylor St., Fulton, Ky., recently participated with other personnel from the 8th Infantry Division's 83rd Artillery in an annual Army training test in Germany.

The test was designed to determine the ability of Chambers' unit to provide direct artillery support for infantry units of the division. The 83d was tested on its proficiency in tactical movement, reconnaissance, selection and occupation of firing positions, communications, continuous delivery of fire both day and night, surveying and its ability to defend itself under simulated air, guerilla, unclear, chemical, biological and radiological attacks.

Chambers, a red and tapeman in the artillery's Headquarters Battery in Baumholder, entered the Army in October 1960 and arrived overseas in March. He completed basic training at Fort Riley, Kan.

A teacher at Central High School in Alamo, Tenn., prior to entering the Army, Chambers was graduated from Miles High School in Union City, Tenn., in 1955 and from Bishop College in Marshall, Tex., in 1960.

Gene Evans, son of Mr. and Mrs. Wilson Evans of Route One, Crutchfield, has completed his five weeks of basic training at Lackland Air Force Base and has now entered an eighteen weeks course at technical training school at Sheppard Air Force Base.

Following this course, he will be sent on for eight more weeks of advanced training of SAGE.

Evans is a 1961 graduate of Fulton County High School and was formerly employed at the Marine Oil Co. on West State Line.

His new address is: AB Eugene R. Evans, AF 15645057, Box 154, 3766th School Squadron, Sheppard AF Base, Texas.

BAUMHOLDER, GERMANY—Army Pvt. Fred L. Rice, 23, son of Mr. and Mrs. Chester B. Rice, Route 4, Hickman, Ky., arrived in Germany July 21 and is now a member of the 8th Infantry Division.

A surveyor in Headquarters Battery of the division's 16th Artillery in Baumholder, he entered the Army last February and com-

C of C Endorses National Park In Lake Area

Joining a long list of organizations and groups in many other Kentucky and Tennessee towns, the Fulton Chamber of Commerce officially endorsed the proposed national recreation area between the Tennessee and Cumberland rivers in West Tennessee and West Kentucky.

In other action, the board named Louis Weeks as a director, replacing John Sullivan who recently moved to California.

City Council Meets; Approves Sewer System For Meadowview

The Fulton City Council has approved the plan for the sewer district in East Fulton which will provide sewer lines for Wells avenue, portions of Maiden, Vine and Meadowview Subdivision. The Council voted to have a resolution drawn up to adopt the proposed system, with Meadowview subdivision paying 36.5 percent of the cost of the interceptor lines, and that the immediately benefited property owners pay the remainder of the cost.

In other action taken at the Monday night meeting, Miss Katherine Campbell, a former employee of the National Store, was hired as assistant city clerk, to fill the vacancy caused by the recent resignation of Mrs. Orian Winstead. Mrs. Winstead has accepted a position in the office of Supt. W. L. Holland of the City Schools.

Presley Campbell of the OK-

Parisian Laundry appeared before the Council, asking that the City blacktop the street which runs along-side the Laundry parking lot. This matter was turned over to Councilmen Winstead, Johnson and Lewis for further investigation.

Mrs. Bessie Clifton, owner of Greenlea Cemetery, was asked to meet with City Attorney Rodney Miller and Councilman Lewis, in order to sort out the details involved in the transfer of the cemetery to the City.

Other action at the Council meeting included a recommendation of the Committee that Deepwood Subdivision be zoned Residential; the no-parking ordinance for the west side of Cedar street from Vine to the railroad was adopted; bids will be taken on a new city garbage truck; a report was given on the new Information Center.

'Double Reward' Being Offered To Culinary Artists Of Area

Area ladies who enter their prize cakes in the Ken-Tenn Fair next week will receive a double reward for their efforts. Not only will they have a chance to win the lovely ribbons which will be given to the first three finishers, but also they will be able to help their favorite community woman's club or organization.

When the cakes are brought in Friday morning, there should be a one-inch wedge, pre-cut but not removed. The cake will be judged from this wedge. At this time, the owner of the cake will also signify whether or not she wishes her cake to be entered in the huge Cakewalk that is being planned for Friday evening. The money taken in by her cake will be donated to her favorite club.

There will be two divisions in the cake judging. The first will be decorated cakes, judged mainly on beauty and decoration, and then on texture and general flavor.

The second division will be regular cakes with separate judging

for the different kinds of cakes such as chocolate, jam, white and angel food. They will be judged on overall appearance, texture and flavor.

The Cakewalk, to be held Friday night, will have about 100 chairs and will offer two cakes in each walk. The cakes, expected to bring in about \$5.00 apiece, will be complete except for the one wedge which was used in the judging.

This is a chance that no "expert chef" in the Ken-Tenn area should pass up. Be sure to bring your favorite cakes and other baked goods to the Fair August 18 and compete for this "Double Reward".

REVIVAL MEETING!

Revival services at the Johnson Grove Baptist Church will be held August 13-20 at 7:45 each evening. The visiting evangelist will be Rev. Harold Stanfill. The Public is invited to attend.

Bluebirds Took Early Win To Victory

By THE MANAGER

The Bluebirds jumped into first place at the beginning of softball season with three straight wins. They chalked up forty-five runs to their opponents twenty-five. Then gloom and despair settled over this team as they dropped two straight games which put them in second place.

But the bluebirds, determined to regain first place, practiced and worked hard, and out of this hard work came many good working combinations such as Cindy Homra at First Base and Jen Ray Browder at Right field. Also clicking together was Rita Cash on Second and Kathy Hyland in Center field. From then on, they lost only one more game.

Vicki Vowell, league leading pitcher, has to her credit fifteen wins to three losses. She struck out a total of 122 batters at the plate and out of 47 times at bat, slugged 41 hits.

Dee Fields, doing an excellent job as catcher, was steady and dependable at the plate with a .625 batting average.

Short stop Rita Craven made many spectacular stops and catches as did Mary Jo Westpheling and

Debbie Wright as Roving Fielders. Hard hitting Mary Jo was a threat at the plate against any pitcher.

Ann Lawson, alert Third baseman, added much to spur the Bluebirds to victory. Carol Heitcock, one of the most improved players on the team, did a fine job at Left field and came through with many timely hits.

Cathy Hyland and Brenda Elliott played heads-up ball in the outfield and added much to the smooth style of the Bluebirds. With a First baseman like Cindy Homra, who could stretch twice her own length and quick as light, ening Rita Cash on Second, it took some doing to get by them.

Between a fast and sure infield and the backing up by the quick thinking outfield, the Bluebirds came through in fine form to finish with a 15-3 record and a total of 176 runs to their opponents 83.

Here are the individual batting averages: Vicki Vowell, .872; Rita Craven, .692; Dee Fields, .625; Cindy Homra, .565; Mary Jo Westpheling, .563; Rita Cash, .545; Ann Lawson, .475; Carol Heitcock, .400; Cathy Hyland, .333; Debbie Wright, .310; Jen Ray Browder, .250; Brenda Elliott, .250.

Wrens Gain Fame As Home Run Team

The second place Wrens finishing out their season with a 10-6 victory over the Cardinals. In that game, Judy Merryman hit her first home run of the season. Earlier this year Edye Dowdy hit two home runs. This made the Wrens the only team to have hit any home runs.

Edye Dowdy, pitcher, pitched excellent ball all year. Edye was on the All-Star team. Jeannie Johnson, Roving Fielder, also on the All-Star team, pitched several times. Judy Merryman, First Base and Pitcher, played very good ball and was also on the All-Star team.

Shirley Warren started out as a

Catcher but finished playing Roving Fielder. Shirley played on the All-Star team also. Debbie Cradock played Third while Vicki Mayhall held down the Shortstop position. Vicki also was an All-Star.

Sandra Lock, Sheryl and Linda Reed played Second and Center field. Linda was an All-Star along with Donna Wall who played Right field. Becky Mitchell caught when Shirley Warren moved to Roving Fielder. Harriet Hancock and Carmen Weeks played Left field. Harriet played in the All-Star game.

All the girls really played their positions well.

Cardinals Were Hard Luck Team!

The Cardinals have been the hard-luck team of the league. Early in the season, as Meredith Miller was shaping up into an excellent player, she broke a finger. She has been at every game to cheer on the team and most especially her "stand-in", Carrie Campbell, who joined the team at Meredith's loss.

Later, the team lost its leading pitcher and best ballhandler when Sharon Moore broke a bone in her hand. Neither of these accidents happened in the games or practice sessions.

The team was also crippled by numerous absences at camp and out of town visits.

Linda Grissom has ably carried on the pitching duties with Suz-

anne Copeland at First, Cindy Beard at Second and Terry Smith on Third. Brenda Harrison has done an unusually good job as Roving Fielder with Carrie Campbell as Short stop, Martha Poe as Catcher.

Playing in the outfield and also filling in for the absent infield at times, were Terry McDaniel, Patricia Holladay, Eva Mae Vaughn, Teresa Fields, Peggy Smith and Nancy Moss.

The co-managers of the Cardinals made the following statement, "We have lost more games than we have won, but we have enjoyed very much being a team and working together. We want to thank the Lions Club for our eight weeks of fun in learning to play softball."

Kentucky Jaycees Thank Local Group For Hospitality

The following letter was received in Fulton Monday morning by Chamber of Commerce President Joe Treas and exemplifies the general feeling of many of the Jaycee groups who visited the city of Fulton during the last week in July.

Kentucky Jaycees
Louisville, Ky.
August 3, 1961

Mr. Joe Treas, President
Fulton-South Fulton Chamber of Commerce
Fulton, Ky.

Dear Mr. Treas,

On behalf of the Kentucky Junior Chamber of Commerce, I would like to thank your fine organization for all of the hospitality extended the Jaycees during our summer Board meeting last weekend in Fulton. Of all of the meetings we have had in the past in Kentucky, I can remember none in which the town cooperated and took such an active part as Fulton, toward making us feel wanted.

I would also like to compliment you on your up-to-date Chamber office that the Jaycees used for registration. I am also President of the Pineville Chamber of Commerce but we cannot boast of such a nice office as yours, although I am sure we share many of the same problems in doing Chamber work and promotion.

Again thanks for the cooperation of the Chamber of Commerce and whenever you might be up in this end of Kentucky please stop and visit us.

Very Truly Yours,

Dan D. Stewart, Jr., President,
Kentucky Jaycees

Fulton Bank Will Install Free Public Parking Lot Soon

Smith Atkins, president of the Fulton Bank, announced this week that the bank has purchased the Pipeline Oil Company building on Mears Street and will construct a free public parking lot on the property in the near future.

The Bank will get possession of the property within 90 days and the lot will be built soon after that. The Pipeline Oil Company is moving its headquarters to Highlands.

ASSIST VETS!

B. D. Nisbet, Contact Representative of the Kentucky Disabled Ex-Service Men's Board will be present August 18, at the American Legion Hall to assist veterans and their dependents with claims for benefits due them as a result of their military service.

New Civil Defense Program Initiated

Each of Kentucky's 120 counties now has its own civil defense director. And each of the directors will soon have a brand new organizational chart hanging on his wall.

This chart, measuring 3 feet by 4 feet, gives the complete county organization at a glance. The director can insert the name of each key person if he wishes. Heretofore organizational plans have usually been mimeographed and often assembled in book form.

The new chart is readily adaptable for use in counties all over the country. It provides space for listing 82 key persons. In a heavily populated county, however, several hundred people would be included in the total organization. The chart was developed by Everett Hall, training, education and public affairs officer of Kentucky's civil defense in Frankfort.

Teenagers Arrested By Fulton Police

Two local teenage boys—Jimmy Stanfield and Jerry Britton—were fined and had their drivers licenses suspended in Fulton Police Court last week, after being charged with throwing whiskey bottles on the highway and in the yard of Monroe Wilkerson of Pearl Street and breaking the window glass of the Wilkerson car.

Another youth, Billy Hopkins, was fined for driving without an operators license.

ENSHRINED!

The home of famed Confederate Gen. Albert Sidney Johnston at Maysville, Ky., is open as a public shrine.

HOSPITAL NEWS

The following persons were patients in the Fulton Hospitals on Wednesday morning.

To The Voters Of GRAVES COUNTY

I know when the legislature meets in January of 1962, a bill will be introduced to have the primary election date changed from May to August.

I as your senator will have a vote; and I feel that every senator and representative should contact the voters and vote the wishes of the people.

I wish that all of you interested in leaving the election date as is, and ones wanting it changed to August would write to me stating your wishes. I can assure you that my vote on this or any other issue will be influenced by what you the voter, the tax-payer, the citizen want, and not what any governor or candidate or individual wants.

I am your senator—a senator for all the people all the time.

Thank you for your cooperation.

GEORGE BRAND

1st. Dist. Senator

Mayfield, Kentucky

Premium Store Sets August 19 As Closing Date

August 19 has been set as the final day that residents of the twin-cities can redeem their valuable Bonus Money at the Trading Store on Commercial Avenue.

The Bonus Money Parade has been going on most of the summer and has reportedly been a big success. Most of the twenty-eight participating merchants are now giving double bonus money on Wednesdays.

On the final day, there will be an auction of the remaining items in the store. Bonus money will be used in place of cash. The store is now open Tuesday mornings, Friday and Saturdays.

Mayfield Lets Contracts For Street Paving

The Mayfield city council awarded a contract to repave 8 1/2 miles of city streets to R. B. Tyler Co. of Paducah.

The Paducah firm's bid was \$2,000 under the nearest bidder, Midwest Roads.

Ten miles of Mayfield streets were repaved last summer, and the new contract is expected to be finished this summer.

FAIR—

(Continued from Page 1)
interesting features of the whole fair.

Also high on the list of favorites among the fair-goers will be the Livestock and Community Clubs exhibits. There will be judging in both categories during the week. Individuals may enter their prized canned goods, baked goods, needlework, flowers, handicraft and just about anything else they are proud of and compete for ribbon prizes.

The favorite of kids from nine to ninety—the colorful, exciting midway—will be provided by Harper Amusement Co. All of the thrilling rides will be there, plus the delicious cotton candy, popcorn, snowcones and other carnival "eats."

Now all that is needed to make the success complete is for the whole Kennessee area population to visit the fair at least one day during the week, although preferably every day, because every day will be different and exciting. Come on out to the old Kitty League Ball Park and enjoy the thrills of a real old-fashioned Country Fair!

FOOTBALL—

(Continued from Page One)
hope to see it develop rapidly. We are certainly looking forward to this season."

Coach Caddas, who is entering his second year as head coach at FHS, had the following to say about his team's prospects this season: "We lost some good boys—thirteen to be exact—in last year's graduating class and a few of them will be awfully hard to replace. The squad is small in number and in size as compared with last year. Several of the boys who looked promising in spring practice have decided to forego football in favor of other activities. This will weaken the squad to some extent."

"However, the boys who HAVE come out for football have good spirit and many have the benefit of a year's experience. We can field one fairly strong team but in many positions, we have very little substitute strength."

"If we are lucky enough to avoid injuries and one of two young players can come through, we can expect a fairly strong team."

Meanwhile, practice is still going on and will throughout the season. At present, there are two practices a day—one at 7:00 a. m. and one at 7:00 p. m. After school opens, the boys will practice every afternoon after classes are over.

The FHS season tickets will go on sale soon and will be good for 4 home games. The tickets do not apply to the South Fulton-Fulton High ballgame, as both teams share the profits from the game equally. The tickets will sell for \$1.75 and \$3.75.

Those boys participating in this first phase of football are as follows: Donnie Green, Chuck Palukiewicz, and Jimmy Yates, freshmen; Curtis Hancock, Duane McAlister, Ward Bushart, David Fry, Teddy Barclay, John Rice, Terry Beadles, Gerald Bradley and John Shepherd, sophomores.

Also: Paul McClay, Harold Martin, Phillip Putnam, Don Burnette, Jim Hinkle, Kenneth Allen, John Covington, Virgil Craven, John Hunter, Chris Hunter, Vyrion Mitchell, Tommy Powell, and James Meacham, juniors; Kenneth Bradley, Butch Sandling and Ladd Stokes, seniors.

Shop in Fulton today!

NOTEBOOK—

(Continued from Page 1)
Well, after it's type, Willis takes a wire brush, scraps the type, puts ink on it, puts a long sheet of paper over the type and pulls a proof of it. Sometimes I see him glancing at the column to see what it's about and after about two seconds of such glancing he wraps the proof around the copy and takes it to the front office and hands it to Karen, who proofs it for errors. She's another of the poor unfortunate souls who has to read the column whether she wants to or not. But Karen does get some benefit out of it, from an educational point of view.

You see, Karen is going to Murray College this Fall to study journalism and I imagine she proof reads the writing with a jaundiced eye and reminds herself that when she gets to school she will remember the Notebook as an example of how not to put words in print. Karen is a real grammarian and surely she must get some kind of delirium tremors when she reads the dangling participles, the split infinitives, and the double negatives that surely appear in my writing. So you see again, it's educational for Karen to read the column.

Joe Weeks probably has the easiest time of all where my column is concerned. He puts the corrections in the type after T. C. has corrected them and all he has to do is to read the corrected line that replaces the old line and that's not very coherent reading as you can imagine. I imagine through the years that Joe Weeks has gotten just that impression of the column—an incoherent bit of grammar that fills up the left hand corner of the News most, nearly all weeks of the year.

The picture is the newest one I have had made. Mary Arrington says it looks like I'm half asleep. Maybe I am.

Retraction:
Back Shop Note: Eva does too, count. She's a little dandy.
Signed: T. C. - Willis and Weeks.

PIERCE STATION

Mrs. Charles Lowe

Mr. and Mrs. Bob Demyer were surprised Wednesday night when Johnson Grove Church had a pot luck supper honoring them on their 25th wedding anniversary. They were presented a lovely gift.

Mrs. Wallace Cunningham of Paducah spent Tuesday with her parents Mr. and Mrs. Bud Stem.

Mrs. Mattie Rogers and Mrs. William Greer attended the funeral of Mrs. Lucy Alford in Dyersburg Saturday.

Mr. and Mrs. Bud Morgan and sons of Etowah, Tennessee and Mr. and Mrs. Gaylon Ferguson of Johnson, Kansas were recent visitors of their parents Mr. and Mrs. Mansil Roach.

Mrs. Roy Lawson of Sturgis, Kentucky returned to her home Saturday after a 10 day visit with her parents Mr. and Mrs. Riley Smith. Mrs. Smith's condition remains about the same.

We hear Mr. Laster Cheatam has bought the Martha Covington place. We wonder who the next neighbors will be.

Mrs. Mattie Renfro is visiting her daughter Mrs. Virgil Green and Mr. Green near Mayfield.

CROSSED OVER!

Cloverport, Ky., is an Ohio River established in 1808. When Abraham Lincoln's family moved from Hodgenville to Indiana, they ferried the river here.

McCONNELL NEWS

Mrs. L. T. Caldwell

Many improvements are to be noticed at the Church of Christ building. New storm doors and windows have been installed. The foundation has been painted and other improvements are underway.

Evening services at the Church of Christ have been changed from 7:00 P. M. each Sunday to 6:00. Mid-week services have been changed to 7:30 each Wednesday evening.

We extend our deepest sympathy to the Irby McCord family in his recent passing. He was the son of Mr. and Mrs. H. E. McCord of McConnell.

Mrs. L. T. Caldwell, Miss Anna Lou Caldwell, Mrs. Dorita Bogges and children, Brad and LuAnn have been vacationing in Florida.

Mr. and Mrs. George Kennedy of Mt. Pella spent Sunday with Mr. and Mrs. Charley Gill.

Mr. Ray Ferguson is vacationing in the Western states this week.

Mr. and Mrs. Jimmie Robey have recently purchased the former Babe Robey farm, just West of here in the Hilcrest community. Jimmie is the son of Mr. and Mrs. Paul Robey, who lived here for many years.

Mrs. Lionel LaFlamme and sons of St. Louis spent last week-end with her parents, Mr. and Mrs. Sam Welch.

Mrs. Sam Welch, Mrs. Sam Hastings and Mr. and Mrs. Kenneth Hastings visiting Mr. Curtis Long at Luckett's Rest Home, Gleason, Sunday afternoon.

Mrs. Ancil Jordan and son, Chester Jordan, and Miss Brenda Simmons spent last week-end with relatives in Memphis.

Mr. and Mrs. Howell Estes from Chicago recently visited his sister, Mrs. Wendell Fisher and family. They also visited Mr. and Mrs. Billie Joe High of Memphis.

Mr. Joe Carroll Moss returned Sunday from Fort Benning, Georgia, after having spent two weeks in training with the National Guard.

Mr. David Long and Miss Paula Long of Pierce visited their grandparents, Mr. and Mrs. Paul Long and Polly last week.

Misses Lena Lou and Rose Moss and Mr. Mike Moss spent Sunday afternoon in Paducah.

The Friendship Club will have their annual picnic this Wednesday night at the City Park, Fulton.

Reelfoot Lake on the southwest border of Kentucky was formed in 1811 by an earthquake.

DEATHS

Howard Humphreys

Howard Humphreys, statistician for Ferry - Morse for 26 years, died suddenly of a heart attack August 1 at his home in Detroit. He was 66.

He came to Fulton in 1959 when the Ferry - Morse operation began here and retired in April of 1960, moving back to Detroit. He was a bachelor. He lived at the home of Mr. and Mrs. Harvey Caldwell, Carr Street, during his residence in Fulton.

Services were held at 2:30 p. m. Thursday at the William R. Hamilton Funeral Home, 3975 Cass Avenue, Detroit.

He was well known here and had many friends.

George H. Walston

Services for George H. Walston, retired construction worker of Wingo, who died Wednesday, August 2, were held Friday afternoon at 2 o'clock at the Hopkins & Brown Funeral Home in Wingo. Rev. William C. Jones officiated. Burial was in Mt. Pleasant cemetery.

He was 77. He leaves his wife, Mrs. Mary Addie Walston; two daughters, Mrs. Pauline Anderson and Mrs. Jeanette Garner; two sons, Alton Walston of Jacksonville, Fla. and Leslie Walston, Akron, Ohio and seven grandchildren.

John C. Totty

John Cortis Totty, 52, farmer of Fulton, Route 1, died of a gunshot wound while enroute to Jones hospital August 4 about 4 p. m. He was shot in the chest with a 22 calibre pistol and the wound was apparently self-inflicted according to Hickman county officials.

After spending the day in Hickman, Mr. and Mrs. Totty returned home and were doing the farm chores. Mr. Totty left his wife at the barn and returned to the house.

She told officials she heard a shot and found her husband on the porch of their home. There were indications that the shot was fired inside the house and that he walked out to the porch.

They lived on the Leslie Walker farm just over the Fulton County line.

He was a member of the Central Church of Christ here. He was born February 7, 1909 in Hickman County, Tenn., the son of Clarence Fred and Annie Laura Harrington Totty.

Besides his wife, Fannie Mae Hassell Totty, he leaves three sons, Charles Edward of Hickman; Hubert of Water Valley, Route 1, and Thomas of Fulton, Route 1; a daughter, Lois Marie Klapp of Clinton; four sisters, Mrs. Lizzie Neely of Lyles, Tenn., Mrs. Eunice Mathis of Centerville, Tenn., Mrs. Net Cesser of Centerville, Mrs. Avalene Arnold of Nashville; a brother, Fred M. Totty of Centerville; three grandchildren and several nieces and nephews.

Services were held Sunday at 2:30 p. m. at the Central Church of Christ, with Paul Bates officiating. Burial was in Hickman.

Jack L. Dudley

Word was received here of the death of Jack L. Dudley of Dallas, Texas, a native of Greenfield, Tenn., and a brother of Mrs. Ollie Kaler of Fulton. He died August 5 at the Scott-White hospital in Temple, Texas. He was 59.

Other survivors include his wife, Mrs. Dorothy Dudley; a sister, Mrs. Early Coates of Greenfield; a brother, Fred B. Dudley of Dallas. Mrs. H. L. Hardy of Fulton is a cousin.

Services were held Wednesday morning at the George B. Brewster Funeral Home in Dallas.

QUEEN KENTUCKY!

Deborah K. Faulkner

Deborah Kay Faulkner, 14-month-old daughter of Mr. and Mrs. John Faulkner of near Union City, died about 5 Saturday afternoon, August 5, after being struck by a car being backed out of the driveway of her home by her mother.

Services were at 10 Monday morning at the Harris Station Baptist Church with the Rev. Jewel McGray officiating. Burial was in Chapel Hill Cemetery with White-Ranson Funeral Home in charge.

Friends of the family said Mrs. Faulkner went into the house to answer a telephone call and the little girl was left in the yard with the other Faulkner children.

While she was in the house, the child crawled under the car, apparently after a kitten. Mrs. Faulkner came out of the house and got into the car to go after her husband. The first she knew of the mishap was when she saw the child in front of the car. She picked Deborah Kay up and drove to a doctor's office with the child in her lap.

Deborah Kay was born in Obion County. She and other members of the family were members of the Harris Station Baptist Church.

She also leaves two sisters, Joyce Faulkner and Mary Faulkner, all of near Union City; her grandparents, Mr. and Mrs. Bob Faulkner of Cat Corner community and Frank Collins of the Minnick community.

ALUMNI HOUSE PLANNED NEAR UNIVERSITY CAMPUS

The University of Kentucky Alumni Association has announced plans to build its own "campus home" in Lexington with construction due to start this fall. Dr. Harry Denham of Maysville, president of the Alumni Association, said the \$250,000 colonial-type building will be built at the southeast corner of Rose Street and Euclid Avenue near the UK football stadium.

Bound For Kentucky Attracts Audiences In Louisville

Louisville's Iroquois Amphitheatre is the site of Kermit Hunter's newest outdoor drama, "Bound For Kentucky", which opened July 3 for a sixweek run ending August 12.

Hunter has again applied his special blending of drama, music and choreography to produce this story of early pioneers who came down the Ohio River from Virginia in 178 to make new homes in the Kentucky wilderness and become the founders of the city of Louisville.

The drama centers on the story of James Patton, his daughter, and the two young settlers who seek her hand in marriage. One suitor is David Saddletree who, Hunter says, "is meant to embody the frontier West, the American dream, the founding of a city in the wilderness."

This bold dream of building a

Farm News, Meetings, Events

(Ed's note: the following information, supplied THE NEWS by the USDA, ASC, nearby County Agents and agricultural agencies will be of special interest to progressive farmers in the Ken-Tenn area):

The total wheat supply for the marketing year beginning July 1, 1961, now is estimated at a record 2,765 million bushels, according to the latest Department of Agriculture report received at the Fulton County Agricultural Stabilization and Conservation Service Office. This supply would be 3 percent above the previous record of 2,685 million in 1960-61 and 47 percent above the 1950-59 average of 1,884 million bushels. The increase over 1960-61 results from an increase of 100 million bushels in carryover, which more than offsets a reduction of 20 million bushels in the estimated production.

The official estimate of the carryover of old-crop wheat will

be released on July 24. On the basis of April 1 stocks and estimated domestic disappearance and exports in April-June, the July 1, 1961 carryover is expected to be about 1,414 million bushels. As in past years, the bulk of the carryover will be held by the Commodity Credit Corporation.

Mr. Narvel Seals, Chairman of the Obion County Agricultural Stabilization and Conservation Committee, has announced that Obion County farmers who made full use of the 1961 Agricultural Conservation Program to control erosion and to stockpile soil reserves will make a substantial contribution to the Nation's future security and well-being.

The ASC Committee Chairman pointed out that soils have to be kept in condition to respond when the need arises. "Land that has been overworked and underfed is unable to respond when it is needed," he said.

Mr. Seals said, "Although there is no need now to increase the acreage of grains and most other field crops, there is a definite need to take advantage of our current favorable supply situation to continue stockpiling plant food reserves in the soil. Our farms then will be ready to meet expanded production needs when they come. If we don't stockpile these reserves now, there may come a time when it will be too late."

With this in mind, Mr. Seals emphasized that farmers who participate in the 1961 Agricultural Conservation Program will be entering into a partnership with the Government for the benefit of all. The conservation practices carried out will help to keep the farms in condition to respond when needed. Stockpiles of soil reserves can help to meet the needs of an ever-increasing population, making possible a more abundant living for more people.

Any Obion County farmer who is interested in participating in the 1961 Agricultural Conservation Program (ACP) should contact his ASC office, located at 1308 South First Street—Union City, Tennessee on or before July 31, 1961.

1961-CROP WHEAT PROSPECTS FORECAST

As of June 1, prospects for the Nation's 1961 winter wheat crop were for a crop of more than 1,121 million bushels—a little larger than last year's crop and ranked second only to the crop of 1958, according to the latest report on crop conditions received at the Fulton County Agricultural Stabilization and Conservation Service Office. Yield per acre at 27.1 bushels is the third highest on record.

With the all-spring wheat crop this year expected to exceed 222 million bushels, all-wheat production for 1961 is forecast at 1,343 million bushels, 1 percent less than the 1960 crop but 23 percent above average.

WORK TO BEGIN AT UK ON RESEARCH CENTER

Construction on the multi-million-dollar Agricultural Research Center at the University of Kentucky is scheduled to begin late in September. First phase of the construction will be for three greenhouses and a headhouse to connect them at a cost of about \$250,000, according to Dr. Stanley Wall, chairman of the building committee for the center. These facilities will be part of a National Tobacco Research Laboratory to be included in the center complex.

Don't forget your bonus money!

MINIMUM 61 CORN PRICE SUPPORT SET

Prices for the 1961 corn crop will be supported at a minimum of \$1.24 per bushel in Fulton County, Roy Bard, Chairman, County Agricultural Stabilization and Conservation Committee, has announced. This compares with a final rate of \$1.10 per bushel in effect for 1960-crop corn.

The Chairman explained that the minimum rates will not be reduced, but may be increased if the final 1961-crop corn support price determined on the basis of data on Oct. 1 is higher than the minimum national support of \$1.20 per bushel announced in March.

In announcing the county support rate for 1961-crop corn, Mr. Bard stressed the importance of a full understanding by farmers of how this year's corn price-support program is affected by the 1961 Feed Grain Program.

"Corn producers who participate in the 1961 Feed Grain Program will be eligible for price support on the 1961 production," he declared, "but there will be a limitation on the amount of corn from eligible farms that can be put under support."

"The amount of eligible corn from such a 'cooperating' farm in effect will be the normal production from the farm's 1961 corn acreage. Should the actual corn crop exceed the normal yield determined for the farm, a grower might very well find that he could put only a part of his 1961 corn crop under the support program."

"Producers of corn who do not participate in the 1961 Feed Grain Program of course will not be eligible for support on their 1961 corn production."

"Eligible" corn, according to the Chairman, must also have been produced in 1961, must grade No. 3 or better or No. 4 because of test weight only, must meet certain moisture requirements, and must be in adequate storage. The schedule of premiums and discounts is unchanged from the 1960 program. As in the past, the price-support

BEGINNING THE COUNTDOWN . . . Hundreds of miniature automobiles, designed and crafted by 11 through 20 year-old boys from all over the United States, await unpacking as the Fisher Body Craftsman's Guild prepares to select the winners of its 1961 model car competition. The judges' decisions will convey \$117,000 in university scholarships and cash awards to these talented, teen-age designers.

program for 1961-crop corn will be carried out through farm-and warehouse-stored loans and purchase agreements. These will be available from harvesttime through May 31, 1962. Loans will mature on July 31, 1962.

1961 CROP SOYBEAN LOAN RATE ANNOUNCED

Mr. Roy Bard, chairman of Fulton County ASC Committee, stated today that the 1961 crop soybean loan rate had been announced for all Kentucky counties at \$2.29 per bushel for classes of soybean, green

or yellow, grading No. 2 and containing 13.8 to 14 percent moisture. He stated that the rate was based on the 1961 National soybean support of \$2.30 per bushel which was announced March 22, 1961.

Loans will be available on farm-stored and warehouse stored soybeans. Mr. Bard further stated that there was a new eligibility before a farm was eligible for Price Support on soybeans. To be eligible for Price Support on 1961 soybeans the farmer must have maintained the normal conserving acres on the farm. That is having as many

acres in conserving crops as the simple average of the 1959 and 60 crop years.

Teacher Regulations Approved By State Board Of Education

Several revisions and new regulations in the teacher certification program have been approved by the State Board of Education, Wendell P. Butler, superintendent of public instruction, reported this week.

One new regulation makes it possible for Kentucky schools to try an experimental program using regular high school teachers in elementary schools. These teachers will be used mainly in the fields of science and mathematics, and will experiment with the idea of teaching such advanced subjects to

elementary school students. Local school superintendents will decide whether to participate in the program. Butler said the State Department of Education will help school districts which decide to try the experiment.

Another regulation lists the characteristics of a good home economics teacher and sets up goals for prospective teachers to work toward.

Revised student teaching requirements for high school teachers were also approved by the Board, Butler said. The revisions make it possible for a high school teacher with four years of teaching experience to waive four semester hours of the eight required in student teaching.

A teacher with two or more years' experience can substitute other laboratory experience on campus for any part of all of the student teaching requirements.

Other regulation changes added Villa Madonna to the list of colleges in Kentucky which can give correspondence course examinations on their campuses; changed the fees for correspondence and extension work as recommended by the Council on Public Higher Education, setting a minimum charge of \$9 per semester hour for undergraduate work and a minimum charge of \$10 per semester hour for graduate work; and brought the home economics curriculum in to harmony with the curriculum followed by all secondary teachers by placing more emphasis on general education courses instead of a predominant home economics curriculum.

GRANTED!

Barren County's entire area was reserved as land grants to Revolutionary War soldiers from Virginia. Ownership of many of these grants is still in the hands of their descendants.

TYPICAL TOLL PLAZA ON THE WESTERN KENTUCKY TOLL ROAD WILL LOOK LIKE THIS

WESTERN KENTUCKY TOLL ROAD construction has moved nearer, State officials have announced, following the sale of the bond issue to finance building of the 127-mile road from Elizabethtown to Princeton. Pictured in New York City accepting a check for the \$118 million realized from the bond sale are Felix Joyner (left), executive director of the Kentucky Turnpike Authority, and Henry Ward, Kentucky highway commissioner. At right is George Abrams, of A. C. Allyn & Company, the firm heading the underwriting group which bought the bond issue. Contracts for all sections of the road will be let as soon as possible, State highway officials reported, with the opening expected by late 1963 or early 1964.

Highway Dept. Enters Agreement To Control Billboard Advertising

The Kentucky Department of Highways has entered into a formal agreement with the United States Department of Commerce, Bureau of Public Roads, for the control of outdoor advertising adjacent to interstate highways in Kentucky, Highway Commissioner Henry Ward announced today.

By this action, Kentucky becomes the third state to conform to the National Standards prescribed by Congress and to qualify for a bonus estimated to bring to Kentucky an additional \$3,000,000.

Ward said the agreement with the United States Government was made possible by action of the 1960 Legislature in passing legislation prohibiting outdoor advertising within 660 feet of the right of way of interstate highways. Industrially and commercially developed zones which are defined by regulations of the Department of Highways are excluded from the outdoor advertising prohibitions of the state law and federal agreement. Execution of the agreement with the Federal Highway Agency represents approval by the federal government of Kentucky's law and regulations as being consistent with the National Standards prescribed by Congress.

"We have been working for several months to complete regulations governing outdoor adver-

tising so that we could comply with the federal law prior to July 1," Ward said. "Under Congressional action which has thus far not been amended, states must sign agreements covering regulations by July 1 in order to qualify for the federal bonus. If we had not acted, we would have run the risk of losing the approximately \$3,000,000 which this action now guarantees to us.

"The law and regulations adopted under it protect the scenic areas along the highways and residential sections from adverse outdoor advertising, but they also permit certain types of advertising in commercial and industrial areas where they are not objectionable," the commissioner continued.

"I think we have produced a good balance, and I am proud of the fact that in this instance, as well as in some others now, Kentucky is moving to the forefront among the states in progressive developments.

"Being third among the 50 states to reach this objective is an accomplishment of which we are proud."

The Kentucky law and regulations control billboards and other outdoor advertising along the Kentucky Turnpike and other toll roads as well as along sections of the Interstate Highway System.

IC Gives Caboose To City For Use As Information Booth

The city of Fulton will soon have a centrally-located Information Booth for the use of tourists and local persons, alike. It was announced this week that the Illinois Central Railroad is donating a caboose to be set up on Lake Street for this purpose.

The caboose will probably be located on the parking area alongside the railroad tracks on Lake Street. It will arrive in Fulton very soon and further information will be released at that time.

When business smells, dispel the phews, by advertising in The News.

Fulton High Music Director Resigns

Mrs. Bonnie Heron, popular music director at Fulton High School, has resigned her position and accepted one in the City Schools of Murray, Kentucky. Her successor will be Mandel Brown of Arnett, Oklahoma.

Mrs. Heron came to Fulton as the first woman music director in the city school system, and quickly shaped the band into a precision marching and playing unit. Her husband, Mike Heron, is a music major at Murray State.

The new music director is twenty-three years old and is single. At present, he is working on his Masters degree at Vanderbilt College in Nashville. He plans to report to Fulton on August 22.

More Prize Money To Be Offered In Lake Fishing Derby

Prize money at the third annual Kentucky Lake Fishing Derby has been raised to a record-breaking \$5,400, Russ Chittenden, Paducah Chamber of Commerce Director, said this week.

Chittenden disclosed that the Kentucky Lake Fishing Derby, scheduled September 1 through November 15, will feature weekly prizes of \$25 to anglers catching the largest fish in five categories totaling \$125.

The five categories are (1) black bass, (2) crappie, (3) catfish, (4) northern pike, walleye pike, and sauger, and (5) white bass.

Two other divisions are the open and tourist, featuring prize money from \$100 to \$1000.

Persons eligible for the tourist division are any registered guests at a participating hotel, motel, camp or any other tourist accommodation.

Any customer of a participating merchant is eligible for the open division after obtaining an eligibility card.

Prizes for black bass category in the tourist division are \$1000, first prize, \$500, second prize, and third prize, \$300. Other prizes are: crappie, first prize, \$300, second prize, \$200, and third prize, \$100; northern pike, walleye pike and sauger, \$100; bluegill, \$100; white bass, first prize, \$200, second prize, \$100; catfish, \$100, and carp, \$100.

The largest bass entered in the open division wins \$300, second place, \$200, and third place, \$100. Other contests are the northern, walleye and sauger pike, \$100; crappie, \$100; bluegill, \$100; catfish, \$100; white bass, \$100, and carp, \$100.

All fish must be caught by angling, defined as bait casting, fly casting, trolling, still fishing and jig fishing.

No entry fees are required but participants must abide by Kentucky fishing laws and must hold a Kentucky fishing license.

Waters in which participants must fish are Kentucky Lake between Scott Fitzhugh Bridge and Kentucky Dam, the Tennessee River between Kentucky Dam and the Tennessee mouth at the Ohio River.

Complete rules and regulations, as well as a list of accommodations and facilities, may be obtained by writing the Kentucky Lake Fishing Derby Association, P. O. Box 810, Paducah, Kentucky.

COAL BRIDGE!

During the Civil War, when Confederate forces were threatening to invade the North, Gen. Lew Wallace—the author of 'Ben Hur'—and commander of Union forces defending Cincinnati—led 15,000 men across the Ohio River into Kentucky on a bridge made of coal barges and erected a series of defensive earthworks.

UK ALUMNI DIRECTOR NAMED TO USA COUNCIL

Miss Helen G. King, University of Kentucky director of alumni affairs, has been named to the Executive Committee of the American Alumni Council for a one-year term. Miss King is now serving as chairman of District Three of the Council.
